## Science Fair Presentations – November 26/27

You will be presenting your science fair projects to the class. We are focusing on improving our oral presentation skills, therefore, you will only be allowed to have your science fair board and 3 index cards with you. You need to summarize your project for the class from problem to conclusion. See the rubric below for requirements. (If you worked with a partner, you may choose to present together or separately.)

Category	4	3	2	1
Content	All Information is included.	Most information is included.	Some information is included.	Little information is included.
Organization	Information is presented in a manner that is easy to follow and understand.	Information is presented in a manner that is understandable, but could be better.
